## About The Project

The Spiritual P.O.W. Project provides an opportunity for the body of Christ to come together in prayer against a common enemy. The proceeds from the project support disciple multiplying missionaries in America that work with the poor and the homeless. The project provides employment opportunities to help the homeless break the grip of hopelessness in a discipling relationship. Your prayers help to advance the kingdom of God as the project tracks the results on its web site. As a result of your participation, the church is working together through prayer in our common bond and mission of Jesus Christ and the Great Commission. For complete project details visit our web site.

## How the project Works

### Register

Visit our web site and register the names of those in your life that need prayer. We limit the prayer requests to three general categories - Salvation - Deliverance - Healing. Once registered, we will make a Dog Tag with their first name, last initial, country, need, and ID number on it. We then distribute multiple copies of the Dog Tag.

### Participate

Purchase your own Dog Tags and begin praying for the person on the tag. Learn to engage in spiritual warfare praying! Put on your armor and join the battle. Instructions are included.

### Spread the Word

The Spiritual P.O.W. Project makes an excellent fund raiser. It is great for church groups, Christian schools and other Christian Organizations. Encourage others to register people for their own Dog Tags.

### Find Out More

Visit our web site and see what great things are happening because of the project. Learn about the Narrow Gate and the Sun Ministries Mission Store and how you can help.
